**TWO PER CENT.**—Multiply the principal by the number of days to run, and divide by 180.

**TWO AND ONE-HALF PER CENT.**—Multiply by number of days, and divide by 146.

**THREE PER CENT.**—Multiply by number of days, and divide by 120.

**THREE AND ONE-HALF PER CENT.**—Multiply by number of days and divide by 104.

**FOUR PER CENT.**—Multiply by number of days, and divide by 90.

**FIVE PER CENT.**—Multiply by number of days, and divide by 72.

**SIX PER CENT.**—Multiply by number of days, and divide by 60.

**SEVEN PER CENT.**—Multiply by number of days and divide by 52

**EIGHT PER CENT.**—Multiply by number of days, and divide by 45.

**NINE PER CENT.**—Multiply by number of days, and divide by 40.

**TEN PER CENT.**—Multiply by number of days, and divide by 36.

**TWELVE PER CENT.**—Multiply by number of days, and divide by 30.

**FIFTEEN PER CENT.**—Multiply by number of days, and divide by 24.

## Business Laws

Principals are responsible for the acts of their agents.

Contracts made on Sunday cannot be enforced. Written contracts concerning land must be under seal.

Notes do not bear interest unless it is so stated.

If a note is lost or stolen, the maker is not released if the consideration and amount can be proved.

Demand notes are payable when presented, without grace, and bear legal interest after a demand, if not so written.

An endorser on a demand note can be held only for a limited time, variable in different states.

To be negotiable a note must either be made payable to bearer or be properly endorsed by the person to whose order it is made.

If the endorser desires to avoid responsibility, he can endorse "without recourse."

Notes becoming due on Sunday or a legal holiday are, as a rule, payable on the day following.

A note made on Sunday, or one dated ahead of its issue, is void, but it may be dated back.

If a note is altered in any way by the holder it becomes void.

A note made by a minor is void in some States and is voidable on judicial decision in others.

A contract with a minor or a lunatic is void.

If a note is not paid when due, the endorsers, if any, should be legally notified to be holden.

A note obtained by fraud or given by an intoxicated person cannot be collected.

It is a fraud to conceal a fraud.

Signatures with a lead pencil are good in law.

The acts of one partner bind the others.

Each individual in a partnership is responsible for all the debts of the firm except in the case of a special partnership.

The word "limited" in connection with firm names indicates a limitation of responsibility for each member.

An agreement without consideration of value is void.

"Value received" should be written in a note, but it is not necessary. When not written, it is presumed by law or may be shown by proof.

A consideration is not sufficient in law if it is illegal in its nature.

An endorser of a note is exempt from liability if not served with a notice of its dishonor within 24 hours of its non-payment.

If a letter containing notice of protest of non-payment be put into the Post Office, any miscarriage does not affect the party giving notice.

Notice of protest may be sent either to the place of business or residence of the party notified.

A receipt for money is not legally conclusive.

## Points of Constitutional Law

Congress must meet at least once a year.

Congress may admit as many new States as desired.

One State cannot undo the act of another.

By the constitution every citizen is guaranteed a speedy trial by jury.

A power which is vested in Congress alone cannot be exercised by a State.

One State must respect the legal decisions and laws of another.

Congress cannot pass a law to punish for a crime already committed.

A person who commits a felony in one State cannot find refuge in another.

Bills for revenue can originate only in the House of Representatives, but the Senate may propose or concur with amendments.

Treaties with foreign powers are made by the President and ratified by the Senate.

The territories each have a delegate to Congress who is allowed the privilege of debate, but not the right to vote.

The Vice-President, who ex-officio presides over the Senate, has no vote in that body except in case of a tie ballot.

If the President holds a bill longer than ten days while Congress is in session it becomes a law without his signature.

An act of Congress cannot become a law over the President's veto except on a two-thirds vote of both Houses.

The House of Representatives may impeach the President for any crime, but the Senate has the sole power to try all impeachments.

An officer of the United States Government is not permitted to accept any title of nobility, order of honor, except with the permission of Congress.

Amendments to the Constitution of the United States require a two-thirds vote of each House of Congress, and must be ratified by at least three-fourths of the States.

The President of the United States must be at least 35 years of age; a Senator, 30; a Congressman, 25. The President must have been a resident within the United States fourteen years.

A naturalized citizen is not eligible to the office of President of the United States. A male child born in a foreign land to American parents has an equal chance to become the President with one born on American soil.

The United States shall guarantee to every State a republican form of government, and shall protect each of them against invasion, and on application of the Legislature or of the Executive (when the Legislature cannot be convened) against domestic trouble.

## Good Rules for Business Men

Don't worry; don't overbuy; don't go security. Keep your vitality up; keep insured; keep sober; keep cool.

Stick to chosen pursuits, but not to chosen methods.

Be content with small beginnings and develop them.

Be wary of dealing with unsuccessful men.

Be cautious, but when a bargain is made stick to it.

Keep down expenses, but don't be stingy.

Make friends, but not favorites.

Don't take new risks to retrieve old losses.

Stop a bad account at once.

Make plans ahead, but don't make them in cast iron.

Don't tell what you are going to do until you have done it.

# Explanation of Weather Bureau Flag Signals

Small Craft NE. Storm SE. Storm

SW. Storm NW. Storm Hurricane or Whole Gale

NE. Storm SE. Storm SW. Storm NW. Storm Hurricane or Whole Gale

## EXPLANATION OF SMALL CRAFT, STORM, AND HURRICANE WARNINGS

**The Small Craft Warning**—A red pennant indicates that moderately strong winds that will interfere with the safe operation of small craft are expected.

**The Northeast Storm Warning**—A red pennant *above* a square red flag with black center displayed by day, or two red lanterns, one above the other, displayed by night, indicates the approach of a storm of marked violence with winds beginning from the *northeast*.

**The Southeast Storm Warning**—A red pennant *below* a square red flag with black center displayed by day, or one red lantern displayed by night, indicates the approach of a storm of marked violence with winds beginning from the *southeast*.

**The Southwest Storm Warning**—A white pennant *below* a square red flag with black center displayed by day, or a white lantern *below* a red lantern displayed by night, indicates the approach of a storm of marked violence with winds beginning from the *southwest*.

**The Northwest Storm Warning**—A white pennant *above* a square red flag with black center displayed by day, or a white lantern *above* a red lantern displayed by night, indicates the approach of a storm of marked violence with winds beginning from the *northwest*.

**Hurricane, or Whole Gale Warning**—Two square flags, red with black centers, one above the other, displayed by day, or two red lanterns, with a white lantern between, displayed by night, indicates the approach of a tropical hurricane, or one of the extremely severe and dangerous storms which occasionally occur.

## Weather Wisdom

**Sunset Colors:** A gray, lowering sunset, or one where the sky is green or yellowish-green, indicates rain. A red sunrise with clouds lowering later in the morning, also indicates rain.

**Sky Color:** A deep blue color of the sky, even when seen through clouds, indicates fair weather; a glowing whiteness an approaching storm.

**Visibility:** Unusual clearness of the atmosphere, unusual brightness or twinkling of the stars indicate rain.

**Fogs:** Fogs indicate settled weather. A morning fog usually breaks away before noon.

**Frost:** The first frost and the last frost are usually preceded by a temperature very much above the mean.

**Halo (Sun Dogs):** By halo we mean the large circles, or part of circles, about the sun or moon. A halo occurring after fine weather indicates a storm.

**Corona:** By this term we mean the small colored circles frequently seen around the sun or moon. A corona growing smaller indicates rain; growing larger, fair weather.

**Rainbows:** A morning rainbow is regarded as a sign of rain; an evening rainbow of fair weather.

## Help in Case of Accident

### KEEP COOL—SEND FOR A PHYSICIAN

**WOUNDS**—Remove patient to a quiet, airy place. Have hot and cold water, several basins, clean towels, cloth and soap. Apply antiseptic treatment as follows:

Thoroughly cleanse your own hands and nails; then cleanse the wounds with some antiseptic. The most easily procured is salt and water. Put a handful of salt in a quart of water and use freely. After the wound is cleansed, it must then be protected from new germs by some covering made germ free by baking, boiling, or ironing. After the salt solution has been carefully used, apply strips of gauze soaked in warm water which has been boiled. This will leave the wound in good condition.

If a more active antiseptic than salt, such as Carbolic Acid (1 per cent) or Bichloride of Mercury (1 part to 2000 of water), is available, it should be used.

**ARTIFICIAL RESPIRATION**—When the patient is removed from the water, gas, smoke, or electric contact, get to work at once with your own hands.

Lay the patient on his stomach. Extend one arm directly over head. Bend the other arm at elbow, and rest patient's cheek on hand, to keep the nose and mouth off the ground and free for breathing.

Kneel facing forward, and straddling patient's legs just above the knees. Place palms of hands on each side of back, just above the belt line, and about four inches apart, thumbs and fingers together, the little fingers over and following the line of the lowest ribs, and the tips of fingers just out of sight.

With arms straight lean gradually forward, pressing downward and forward and counting slowly, one, two, three. Snap your hands sideways, off patient's back. Swing your body back, counting slowly, four, five. Rest. Straighten arms and repeat pressure.

Three movements straight arm pressure (shoulder behind hands to exert forward pressure), quick release and swing back. Keep up work steadily until breathing begins and continues naturally.

When helpers arrive put them to work; send for physician; clean patient's mouth of obstructions; stimulate reflexes; loosen tight clothing; rub legs and body toward heart; supply clothing and other heated articles and relieve operator when tired. Place aromatic spirits of ammonia near patient's nose at frequent intervals. When patient begins to breathe naturally, and can swallow, give a teaspoonful of aromatic spirits ammonia in half glass of water, or some hot coffee or tea.

Don't get discouraged. Stick to it for two even three hours if necessary.

### IN CASE OF POISON

First. Send for a physician.

Second. Empty the stomach by an emetic—a teaspoonful of mustard or two teaspoonfuls of common salt in tepid water; teaspoonful of alum in water. Tickle the throat with a feather or finger. Apply antidotes as follows:

1. Emetic. If patient is drowsy, give cold coffee; keep awake and moving.

2. Emetic. Warm extremities; give large doses of magnesia; raw eggs; lime water; milk; flour and water.

3. White of eggs, milk, flour and water; give largely for ten minutes, then give emetic and follow by mild stimulants.

4. Mustard emetic followed by Epsom salt.

5. Emetic. Give warm water to relieve vomiting; tea to tablespoonful baking powder, saleratus, chalk, lime or magnesia, followed by milk and white of egg.

6. Emetic. Baking powder, etc., as in No. 5, followed by linseed tea or slippery elm tea.

7. Emetic. Followed by brandy or by teaspoonful ammonia in pint of water.

8. Large quantities of water followed by large doses of magnesia or lime.

9. Drink diluted vinegar or lemon juice, follow with tablespoonful castor oil, cream, sweet oil or linseed oil; then with teaspoonful doses an hour apart for three hours.

10. Fresh air, inhalation of ammonia; warm extremities; artificial breathing, as in drowning.

We had steak for dinner.

No excitement.

Considerable work.

I went to Boston on 6/5 to speak for Baltic American group. Raige, solid & at first I thought would be difficult to talk to but they listened with rapt attention --- so much so it fairly startled me. A Mrs. Michelman, reporter on Kellewes talked to me & thought I was pro Jewish - otherwise friendly.

Home on 11.30 which arrived Laurence 12<sup>30</sup> but I was taken home via cemeteries etc and didn't get to bed until 1 or so.

Ernie Pyle - due at 8.

Fortunately staff got there before I did. I came in on 7.15. Taxi from home .75 - Taxi to pier 1.00 Taxi from Pier 1.00 Taxi home .75.

Costly day!

Costly in other matters also as I went entirely berserk ---- with some provocation but berserk nevertheless --- to Mrs. Houghton - also Griffin & Connolly but less violent.

An awful day -

New rules on letting relatives in  
Fresh state cops.

Mrs. Cope in her most annoying whine.

Ziegler & C.N.S. complaint on Rev. Mr. Pead  
No loud speaker.

I can't see why I got into such a  
a complete fury on the matter.

I might better have refused to participate  
entirely & left the situation with some dignity.

A very very tiring day ---- Students conference and then Board Meeting. Mrs. L. and Mr. S. were in my office by 3.15 and I got so weary I couldn't remember where I put the letters & memos for Board Meeting.

My desk filing system isn't working out much better than Army!

It was a tough meeting. E. W. W. and I for the first time in real disagreement. I was furious but so much brought up I was almost in tears ---- very evident to John Desmond & Sepucha.

E. W. W. walked out on meeting.

All in all - a frightful mess.

Came home on 7.30.

At three that night I woke to hear Nell groaning. It appeared like a heart attack nausea, diarrhea. cold sweat.

It darkened up in the late P. M. and by dinner time - which was supper - a storm was brewing. We left the dining room with the pair of hastened across the moor to try to get in chairs - shut windows & such. It was a sharp but brief shower.

A bad thunderstorm in late afternoon. We reached Margaret Brown's studio ahead of it - getting there before 6 instead of 6:30 as invited. Ate a rich dinner - lobster with cream and sherry and a gorgeous peach melba and spent a dull evening. Came back to find all lights knocked out. Grace Orlette came down to the door to light us upstairs with her flash light.

This was the day of Fr. Mortimer Sullivan's burial.

St. Bernard of Clairvaux  
Dick's birthday

The Senate Judiciary, a subcommittee of which refused for more than a month to act on the House bill to liberalize and improve the present DP law, is scheduled to hold a meeting today. This meeting will provide a test of the sincerity of the Administration's efforts on behalf of this bill. The great difficulty has been that the committee chairman, Mr. McCarran of Nevada, is opposed to liberalizing the immigration laws, except in such special cases as provision of more shepherders for the ranches of his home and neighboring states.

Any member of the Judiciary Committee—for example, Senator McGrath, chairman of the Democratic National Committee—can move to report out the DP bill, despite failure of the subcommittee to act on it and despite Senator McCarran's opposition. To override the chairman of a major committee is not an action taken lightly in the Senate, especially when that committee is the one that passes upon the appointments of all federal judges and many other federal officials. But the DP bill involves the honor and sincerity of the United States in our dealings with the victims of nazism and of communism in Europe. We think that this consideration should be overriding, and that every effort should be made to blast the bill out of committee.

While that is being done, it might be a good idea to remind the Judiciary Committee that it has not yet bothered to act on the appointments of the three members of the Displaced Persons Commission, named last summer by President Truman, who have been faithfully serving ever since but who have never been confirmed. Here is an example of pettiness hardly worthy of a committee of the Senate.

# Lower All Bars?

To the Editor—I have been a reader of the Boston Globe for many years and my family before me were Globe readers. I take great interest in this column on what people talk about, and I would like to say something about these people who are arriving in the United States on tramp boats. About a year ago a boat landed here with passengers seeking an entry into the country, and again this past week another vessel arrives in Boston Harbor to try and enter. I have read where one of our Congressmen is going to try and allow them to enter. If this is done we might just as well “lower the bars” and invite every immigrant who can find a boat, to come across, for just as sure as these people are accepted, they will write home, and in due course we will find another shipload anchored in the harbor. We are accepting D. P.’s by the hundreds now, and I would like to know how they can come in here, get homes and jobs, and save a few thousand dollars to be spent over across, not in the United States, while our boys have to humiliate themselves by applying for aid because they have families to support and can’t find work. Some of them can’t even find homes. Why can’t these people rehabilitate themselves abroad? They made a living there before the war—why not now? There “ain’t no justice” it seems.

# Jesuits Expel Father Feeney In Heresy Case

**Boston Priest, Suspended by  
Archbishop for Views,  
Gives News of Own Ouster**

*By The Associated Press*

CAMBRIDGE, Mass., Oct. 28.—The Rev. Leonard J. Feeney, S. J., central figure of a six-month-old public dispute over Roman Catholic doctrines, was dismissed Friday night from the Jesuit order.

Father Feeney himself announced the dismissal and said it was "for disobedience." The Jesuit author, poet and lecturer, deprived of his priestly functions by Richard J. Cushing, Archbishop of Boston, since Jan. 1, summoned reporters to St. Benedict's Center, his school, to tell of his expulsion.

He said that at 6 p. m. he had received a registered letter from the Rev. John J. McEleney, S. J., New England Provincial of the Society of Jesus, enclosing a decree from the Very Rev. Jean Baptiste Janssens, General of the order at Rome.

Father Feeney said the letter, in Latin, concluded with this sentence: "By reason of a letter received Oct. 21, 1949, written by the Very Rev. Jean Baptiste Janssens, General of the Society of Jesus, your dismissal from the Society of Jesus has been approved."

## Chancery Office Silent

The Catholic Chancery office had no comment on the announcement in line with its rule of silence throughout the controversy.

The dispute arose over the interpretation by a group led by Father Feeney of the doctrine that there is no salvation outside the Church. [Father Feeney maintained, in effect, that non-Catholics cannot enter Heaven.] Late in July the Supreme Sacred Congregation of the Holy Office in Rome declared that Father Feeney's view was "far from being genuine Catholic teaching."

The difference became a matter of public knowledge in April when Boston College, a Jesuit institution, dismissed three professors, who were members of Father Feeney's classes at St. Benedict's Center, for spreading "erroneous" doctrine. When Father Feeney, a few days later, indorsed the professors' stand, Archbishop Cushing disclosed that the priest had been deprived of his priestly faculties since Jan. 1.

With that he issued a decree "silencing" the priest—depriving him of the right to say mass, administer sacraments or preach sermons. Only full submission to his superiors can lift this penalty, according to Church authorities.

The fifty-two-year-old priest entered the Jesuit order in 1914 after taking a Master of Arts degree at Weston College in Massachusetts and studying at the Sorbonne in Paris and at Oxford University, England. He was ordained in 1928.

## Refuses to Give Up Work

Friday night, flanked by fifty-five students at the center, he said he did not intend to give up his work at the center.

"I shall continue as a Catholic priest," he said, "loyal and devoted to the Church and to the Pope, at St. Benedict's Center, with the most beautiful group of Catholic young men and women I have ever met in the world."

Father Feeney's "disobedience"

## Expelled by Jesuits

Associated Press wirephoto  
**The Rev. Leonard Feeney**

was his refusal in September, 1948, to accept transfer to Holy Cross College in Worcester, another Jesuit institution. He told the gathering at St. Benedict's Friday night that he could not go because of a "conscience difficulty."

"I would not leave St. Benedict's Center until I could get a conscience hearing on the doctrine that there is no salvation outside the Church," he explained.

Father Feeney has refused to accept the ruling of the Holy Office on that issue. He said at that time that the ruling was "no answer" and that he still awaited "an ex-cathedra pronouncement from the Holy Father."

"Father McEleney, thank God, can not take away my priesthood," Father Feeney asserted in a statement, "nor can any of my priestly faculties be removed by the fraudulent means which I know both he and the Boston Chancery Office have taken in their effort to keep me from annoying them in their inter-faith alliances here in the City of Boston."

## Color Television Unlikely This Year

### F. C. C. Extends Hearings Into February, 1950

WASHINGTON, Oct. 28 (AP).—Hopes of segments of the radio industry for an authorization of color television operations by the end of 1949 were dashed Friday when the Federal Communications Commission threw the entire color television question over into next year.

The commission issued a revised schedule for color hearings, which have gone on for five weeks, the new timetable disclosing that it will still be hearing testimony in February. The record must then be studied and opportunity provided for oral argument by all interested parties before any final order, for or against the proposed operations, is entered.

Meanwhile, no new station permits are being authorized or considered because the F. C. C. on Oct. 1, 1948, suspended processing of applications. One hundred and twenty-four station authorizations were outstanding, of which eighty-two are on the air. The proposed addition of forty-two new television broadcasting channels, present twelve, and the extension to communities in the country, is also

*Mary Sweeney went to  
Lawrence Gen Hospital at  
11 am.*

**Miss Mary J. Sweeney**

Miss Mary J. Sweeney, 91, 53 Cross street, proprietor of the Arvilla book store and religious goods store at her home for more than 40 years, died early Monday morning at the Lawrence General hospital. She was stricken with a heart attack Saturday.

A native and life-long resident of this city Miss Sweeney was the oldest graduate of St. Mary's high school and formerly was a teacher in St. Mary's school. She later was engaged in the dressmaking business and afterward in the religious goods line. She was located on Hampshire street before moving to Cross street 16 years ago.

On occasion of her 90th birthday anniversary, March 19, 1948, Miss Sweeney received a telegram from His Excellency, Archbishop Richard J. Cushing, extending his blessings and good wishes. She always was active in affairs of St. Mary's parish.

Surviving are five cousins, Misses Eleanor and Alice O'Connor and Richard J. Sullivan, Lawrence librarian, all of this city. John S. Sullivan of Andover and Michael F. Sullivan of Somerville, N. J.

The funeral will be held from the M. J. Mahoney funeral home Wednesday with a solemn high Mass of requiem in St. Mary's church at 9 o'clock. Burial will be in St. Mary's cemetery.

Friends may call today from 7 to 9 p. m. and Tuesday from 2 to 5 and 7 to 9 p. m.

## Religious Groups Named In Will

Three religious organizations were named joint residuary beneficiaries under the will of Mary J. Sweeney of Lawrence, who died September 26.

The will, executed January 23, 1946, was filed in Probate court here Wednesday. The value of the estate was not disclosed.

The testatrix left one-third of her estate to the Society for the Propagation of the Faith; one-third to St. Mary's church society of Lawrence, with the request that the society cause Masses to be said in memory of the testatrix and deceased members of her family, including her uncle, John P. O'Connor, and deceased members of his family; one-third to the Sisters of Notre Dame de Namur, with the provision that it be used for the benefit of the Notre Dame Training school at Waltham.

There were bequests of \$500 each to Richard J. Sullivan of Lawrence and John S. Sullivan of Andover, co-executors of the will, with the understanding that acceptance of the legacy shall be deemed to be in full compensation for their services as executors, if they qualify as such, and for services they rendered the testatrix with reference to her business affairs before her death.

To Michael F. Sullivan of Lawrence, brother of the executors, the testatrix bequeathed \$100.

The three other senators named were John E. Powers, Boston Democrat; Cornelius F. Haley, Rowley Republican and George J. Evans, Wakefield Republican.

Reps. Fred C. Harrington of Everett, John M. Shea of Worcester, Democrats, and Earle S. Bagley of Townsend and Howard Whitmore of Newton, Republicans, were named recently as the House members.

Gov. Dever has yet to appoint his three nominees to the commission.

In P. M. prior to party I went to meeting called by Mr. McElroy & B.C. school of social work which was pretty darn dull.

Wanted to ask me about chairman ship. She doesn't think Dever will reappoint her. She might resign before Jan'.

Only reason she stays on is for my sake. She couldn't possibly stay 7 yrs but might consider one other app't. Apparently I am to roll over & say pretty please.

A lot of Malarky about how she regretted her ineffectuality but she admired my mind - - - - apparently nothing else about me - - Who do I want for new chairman. Think it over & discuss for lunch Mon. Ehen! No sleep of course

Hair do. Rita - awful.
